

JEFF KOLIN MIRANDA

Full-Stack Web Developer · Vue.js | Node.js | MySQL

Legazpi City, Albay, Philippines · +63 928 940 629 · jeffkolinengineer@gmail.com

Portfolio: jeffkolinmiranda.vercel.app · GitHub: github.com/ItsJeffDev · LinkedIn: linkedin.com/in/jk-dev

SUMMARY

Full-stack web developer with 3 years of hands-on programming experience, including 2 years building web applications through academic, freelance, personal, and client projects. Built and deployed production websites for clients and academic applications using Vue.js, JavaScript, HTML5, CSS3, Node.js/Express, and MySQL, with experience building booking platforms using JWT-authenticated REST APIs. Comfortable owning features end to end, from database schema and API development to front-end implementation and deployment. Currently pursuing a BS in Computer Science.

EXPERIENCE

- Freelance Web Developer** — Self-Employed2025 – Present
 - Deliver responsive front-end and full-stack web projects for local clients, from requirements and design through deployment and handover.
 - Handle the full delivery cycle independently: scoping, version control with Git/GitHub, deployment on Vercel, and post-launch fixes.
- IT Support / Computer Shop Attendant** — Local Computer Center2022 – Present
 - Maintain PC workstations and provide day-to-day technical support to customers during operating hours.
 - Perform Windows reinstallation, driver and software installation, system setup, and basic software troubleshooting.
- Retail Store Assistant & Cashier** — Family Retail Business2021 – Present
 - Manage daily sales, inventory, and cash handling while maintaining accurate records and providing customer assistance.

EDUCATION

- BS Computer Science** — Computer Arts and Technological College2026 – Present
- Computer Programming (NC-III)** — Computer Systems Institute Inc.2024 – 2026

PROJECTS

- SakayMoto — Motorcycle Rental Platform** — Full-Stack Developer | 2026 – Present
Vue.js · CSS3 · Node.js / Express · MySQL · RESTful API · JWT · Vite · Bootstrap 5
 - Built a web platform that enables customers to browse motorcycles, make online reservations, and manage rentals for local rental businesses.
 - Designed the MySQL relational schema and implemented REST APIs for motorcycles, reservations, users, and availability using JWT authentication and bcrypt password hashing.
 - Developed the customer-facing booking flow and the operator dashboard for managing units, reservations and availability.
- OSHC Website Front-End** — Client Project2025
Vue.js · JavaScript · CSS3 · Bootstrap 5 · Vite · Vercel — oshc-frontend.vercel.app
 - Rebuilt the front-end of the Occupational Safety and Health Center site as a responsive Vue.js single-page application, recreating the original layout and navigation across all major pages.
 - Worked alongside a senior software engineer, following their component structure and review feedback through to handover and deployment on Vercel.
- Bliss & Blossom — Flower Shop Business Website** — Client Project2025
Vanilla JavaScript · HTML5 · CSS3 · Bootstrap 5 · Vercel — blissandblossom2.vercel.app
 - Designed and shipped a multi-page business website (Home, About, Products, Blog, Contact) to showcase the client’s catalogue and brand.
 - Built it mobile-first with no framework dependency, keeping the site fast to load and simple for the owner to hand off and maintain.
- OOPsphere — Interactive OOP Learning Platform** — Research Project2025
Vue.js · JavaScript · HTML5 · CSS3 · Vite · Vercel — oopsphere.vercel.app
 - Built an interactive web platform that teaches Object-Oriented Programming concepts through guided, hands-on lessons.
 - Awarded “Best in Research” at the project defense presentation for the platform’s concept and execution.

TECHNICAL SKILLS

- Front-End:** Vue.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap 5, Axios, Vite, Responsive Design
- Back-End:** Node.js, Express.js, RESTful API design, JWT authentication, bcrypt, session-based auth
- Databases:** MySQL, MongoDB, Microsoft SQL Server, relational schema design
- Languages:** JavaScript (ES6+), Python, Java, C#/.NET
- Tools & Practices:** Git, GitHub, VS Code, Postman, Vercel, XAMPP

CERTIFICATIONS & AWARDS

- Prompt Like an Engineer** — DICT-ITU DTC Initiative (Cisco), Aug 2026 · **JavaScript Essentials 1** — Cisco, Aug 2025
- CSS Essentials** — Cisco, May 2025 · **Python Essentials 1** — Cisco, May 2025
- Proficiency in Web Programming** — Computer Systems Institute Inc., Mar 2026 · **Academic Honor Student**
